

Free Contemporary Education for Madrasa Students

Assalamu Alaikum Wa Rahmatullahi Wa Barakatuh!

Stepping Towards a Brighter Educational Future Alongside Religious Education

Allah Almighty has made knowledge the means of human progress. Religious knowledge is the foundation of our lives, while contemporary education helps students understand the changing world and prepare for future opportunities. Under this vision, AHS Education offers a dedicated medium to provide madrasa students with free, supplementary opportunities for modern education. Our mission is to enable students receiving religious education to easily learn key subjects like Mathematics, Science, English, Computer Science, and other vital contemporary disciplines alongside their religious studies and moral upbringing.

Note: This is not a replacement for religious education, but an additional, supportive educational facility.

Core Contemporary Subjects Provided:

Science

Mathematics

English

Computer Science

Free Facilities for Madaris and Students

AHS Education grants madaris and their students free access to a wide range of learning resources. The objective is to deliver high-quality educational resources without financial barriers so students can learn at their own pace.

Free Educational Resources Include:

High-Quality Course Content: Structured material across multiple subjects.

Video Lessons: Engaging video modules for conceptual clarity.

Practice & Questions: Interactive quizzes and practice sets.

Educational Assessments & Activities: Assessments to test comprehension.

Worksheets: Printable and digital exercise sheets.

Progress Tracking: Tools to monitor individual student learning progress.

Multi-Device Access: Available on Mobile, Tablet, and Computer.

Blending Modern Knowledge with Religious Education

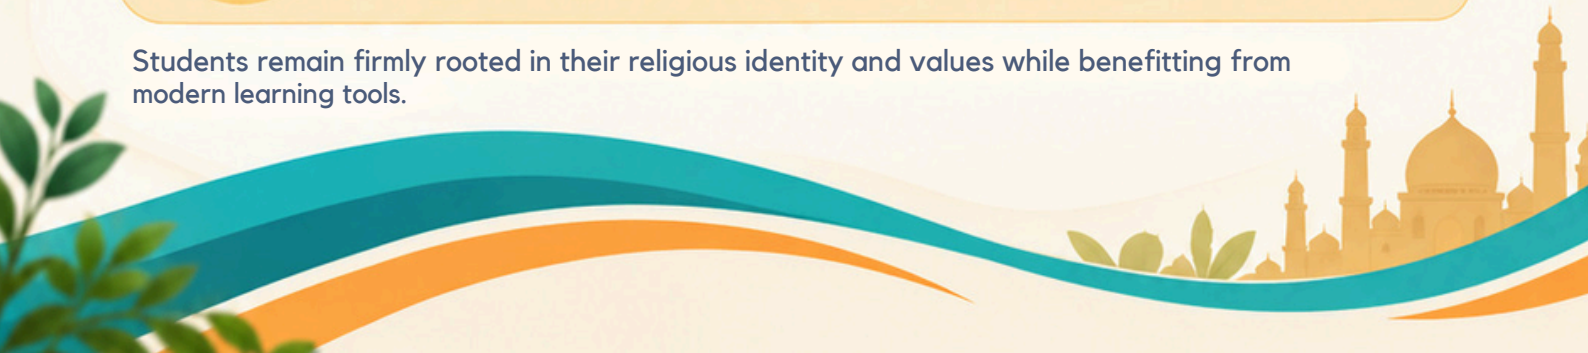

Madaris are vital centers of religious knowledge, character building, and ethics in our society. We believe that if students master core contemporary subjects alongside their religious studies, it will open up broader academic and professional opportunities for their future.

AHS Education does not aim to alter religious education in any way.

Religious education maintains its primary place - contemporary education serves as an added opportunity.

Students remain firmly rooted in their religious identity and values while benefitting from modern learning tools.

Key Benefits for Students

Flexible Learning:

Students can access learning materials at their own convenience and availability.

Simple & Engaging Methods:

Video lessons and guided questions make difficult concepts easy to grasp.

Continuous Practice:

Targeted exercises, activities, and worksheets help strengthen learning retention.

Trackable Growth:

Students can monitor their academic activity and focus directly on weak areas.

Positive Use of Technology:

Teaches students to use phones, tablets, and computers for productive educational growth.
